Quaker Steak & Lube's First Annual Benefit for UCHS ... Paws On The Patio

Paws On The Patio was held on August 18 at Quaker Steak & Lube in Knoxville. UCHS supporter Erin Warwick Martin and Quaker State owner/manager Gayle Edmiston put their heads together and conceived this unique affair that we hope will be attended yearly as an annual event. It's a social gathering/benefit where animal lovers can bring their pets along and enjoy the best wings in the USA. Everyone who brought their pet made a minimum \$10 donation and received a \$5 Lube Gift Card for every \$10 donated. Quaker Steak also made a \$5 matching donation all to help the Union County Humane Society carry on their missions to help homeless animals.

Among those attending were Brenda and Maurice LeBlanc and friends who traveled all the way from Thorn Hill TN in Hancock County to attend Paws On The Patio

New Forever Homes with Lots of Love

To: Union County Humane Society

Picked up my new baby today. He was everything you said he was and more. Your phone description was perfect. Most of the adoption places I have contacted have either exaggerated or lied about an available animal. Thank you for not doing that. The Kitten was in excellent condition. Your shelter is the cleanest and nicest one I've ever been in. Your shelter definitely deserves a five star rating.

I can't thank you enough for accurately describing him and facilitating the adoption. I will recommend to anyone thinking of adopting an animal it is well worth the distance to come to your shelter. Thanks again so much. I was so lonely without a cat in the house. Sarah

A Story to warm your heart to show just how well our Cat Residents love the way we treat them and how happy they are when they find the right home.

When Lloyd and Marlys Pool saw Libby on line they couldn't wait to see her in person. Upon seeing her in person they knew she was right for them. Imagine how devastated they were when the cage they brought to take her home in malfunctioned walking past the dog kennels, on the way from the cat cottage to their car, the barking scared Libby and she pushed the carrier door open and quickly disappeared. The Pools went back home to Crossville heart sick.

The next morning when the staff arrived to open the shelter, there was Libby waiting at the door of the Cat Cottage wanting to get in. We called the Pools and they immediately drove back to Maynardville to get her. Libby has definitely found a good home.

"Thought you would enjoy seeing a photo that shows just how comfortable Libby is in her new home. She is a dear, sweet animal and we are already in love with her. Bless you for what you are doing and thank you for having the best little addition to our family we could ever have"

This photo says it all!

Found abandoned Desi and his siblings were brought to the shelter. After some tender loving care they were put up for adoption. As you can see Desi's new home has lots of love. It's a blessing for the both of them. This is our goal and why we work so hard to achieve it.

UCHS' Community Outreach Programs and *Kind News* help children learn about the humane treatment of animals.

Children in Jimmie Eldridge's
Pre-K classroom at Sharps Chapel Elementary.

KIND NEWS is a children's publication of the Humane Society of the United States. Your donations thru United Way made it possible for us to purchase subscriptions for teachers in 20 classrooms in the Union County Elementary Schools. This means 420 children were given the magazine which teaches them how to treat animals humanely through stories, puzzles, games and other activities with an emphasis on the importance of spaying and neutering of their pets to prevent unwanted litters of puppies and kittens.

Teachers used the magazine in the classroom then the children take it home to share with parents and siblings.
